## ABOUT ME

---

I was born in the town Ísafjörður but when I was 5 years old my family moved to Dalvík, and there I started school the year after. When I was 8 years old we moved to Kristiansand, Norway, and we were there until I was 12 years old. We moved back to Dalvík and I finished Grunnskóli the year 1999, and went straight to High School. The high school I went to was in Akureyri and I have lived there ever since. Now I am married to Aníka Lind Björnsdóttir and we own an apartment together.

I am a positive person and work well with others, but also alone. I have good experience working under pressure, and I am good at working out new things. I like working on challenging projects and problems. Some of my interests are computers, programming, hiking, cooking, photography, travel and dogs.
